The Amherst Lancers stopped an all important extra point try and then scored in the closing minutes of play to beat the Appomattox Raiders 19 - 12 in a non - conference football game played last Friday night at Appomattox. Amherst upped its record to a 4-2-1 mark while Appomattox is now 4-3-1 overall.

Amherst got on the scoreboard first as David Brent recovered an Appomattox fumble on the Raiders 21 and four plays later William Evans went over from the two for a score with 7:02 left in the first quarter. The extra point failed and it was 6-0 for Amherst after a quarter.

Appomattox got even on the first play of the second quarter when Mike McCormick went over from eight yards out to tie the score with 11:54 left in the half as the extra point failed. The score was set up on a bad snap from the Amherst center and the Raiders took possession on the eight and went in on the first play and it was 6-6 as the half ended.

In the third quarter Appomattox punted and it was partically blocked and Amherst recovered on the Appomattox 19 yard line. Bo Dodd carried it over from the 10 yard line with 7:17 left in the third quarter quarter and Reggie Wilkerson kicked the extra point for what proved to be the winning margin.

In the fourth quarter Donald Brady took the ball from Appomattox on a pass interception on his own 30 and Amherst started a drive. They got deep in Appomattox territory and a screen pass by Amherst quarterback Randy Thomas was picked off by Appomattox corner man, Ray Tweedy and he carried it 72 yards for an Appomattox score and it was 13-12 favor Amherst with 6:07 still left in the game. The go ahead attempt for the extra point fell inches short.

The Raiders kicked off and forced Amherst to give up the ball but Appomattox on a fourth down gamble failed and Amherst again took over on the Appomattox 39 and with 31 seconds left in the game, Bo Dodd went in from eight yards out for his second score of the night and Randy Foster blocked the extra point and it was 19-12 as time ran out on the Raiders when they got the ball back.

The Amherst defense was led by Donnie Brown, Billy Berry, Donald Brady and Rodney Moseley. The offense was sparked by Bo Dodd and William Evans as the offense had a total of 88 yards rushing and 67 yards passing as Thomas hit on six of 14 passes.

Appomattox was led by Mike McCormick and Welton Garford as the offense marked only 60 yards rushing and 36 yards passing on two of nine attempts, Picky Williams, Steve Almond, Steve Lawson and Billy Guthrie led the defense as they kept things boxed up most of the night.

The Raiders meet William Campbell Friday night in another Seminole District football game at Appomattox.

Appomattox Girls Win Tournament

Appomattox, No. 1 seed in an experimental girls volleyball tournament held at Brookville High School Saturday, lived up to its billing by winning the tourney although hard pressed.

Appomattox rolled up a 6-0 record during the season, but found the going difficult against No. 4 seeded William Campbell (4-4) which took the first game 15-5, the Generaletts, however, lost in the second and third 15-0 and 15-7.

Rustburg eliminated Brookville 15-12, 9-15 and 15-11 for the right to meet Appomattox in the finals.

The two clubs battled to a 15-15 tie in the first game, but Appomattox drew the line there and won the match 17-15 and the second one 15-2 for the title.

The Junior Chapter of the Future Homemakers of America will hold a volleyball tournament November 13 at 7:30 at the Appomattox Intermediate School gym. Admission is 30¢. Come and enjoy!

T-Rebs Lose Semi-Finals

By: Rabbit Cawthorne

Those hard fighting T-Rebels almost made it to the finals of the Campbell County 150 pound football league playoffs on Saturday but lost out when Butch Williams of the Brookville Comets made a one-yard run and a 6-0 win over Appomattox in the semi-finals of the annual tournament.

Mike Preston led the offense for Appomattox and also stood out on defense along with Tommy Bryant, Steve Weakley, Jerry White, Baxter Parris, Gordon Ford, Troy Williams, R. B. Carter, Keith Coleman and Mike Lewis.

Mike Preston engineered a 72-yard drive for Appomattox but the Comets hold deep in their own territory to prevent a score.

The coaches are well pleased with the way the boys played even though they lost in the play off. I think the coaches should be recognized for the fine work that they have done this year. The coaches appreciate the backing of the fans and the parents of the players. Coaches are as follows: Backfield – Dee Doss; Offense line – Bobby Chenault; Defense line – Jack Layne, Robert A. Sears and Fred Weakley.

A special thank you to Bobby Mitchell, Teddy Mitchell, Robert Austin for officiating at games without charge. Also to Vernell Mitchell for doing a fine job on the microphone and loudspeaker to let fans know all the plays.

Foul weather friend

Building, inspecting and maintaining power lines is a man-sized task even on the fairest day.

But when the weather gets rough, the Vepco lineman's task gets rougher. And we've had some pretty weird weather lately: violent storms, devastating floods, blustering winds, lightning-struck trees that downed lines and disrupted service.

And when the weather goes on the rampage, the lineman goes on the job. Anytime. Day or night. He climbs poles, repairs torn lines, works out in the elements until the lights go on again.

It's exhausting work. Hard. Hazardous. But it's vital work and the lineman does it with pride and satisfaction. That's his job: helping Vepco help people.

On November 3rd. Virginians will elect a United States Senator. In these terribly serious times, it is vital that he be a man of proven ability and experience. Senator Harry F. Byrd, Jr. is that man.

Consider the record of Harry Byrd.

He is independent-minded because he believes the welfare of Virginians and America must come before political partisanship.

He speaks clearly and plainly on the issues, and he votes in accordance with his conscience and best judgment.

He holds firmly to the fundamentals of constitutional government and sound fiscal policies.

He recognizes that taxes—to use his own words—"are paid in the sweat of all who labor."

And, working for you, he has voted on 97 percent of Senate roll-calls.

Here is where Senator Byrd stands on some of the key issues facing Virginia and the Nation.

The High Cost of Living. "If we're going to reduce the cost of living, we must control inflation," says Senator Byrd, a member of the Senate Finance Committee. He is striving to cut excess government spending, a major cause of inflation.

If you want a Senator who's going to safeguard the taxes of the wage earner instead of supporting every wild-spending scheme, you'll vote to re-elect Byrd November 3rd.

Welfare. Senator Byrd believes the government has an obligation to those physically or mentally unable to earn a living.

"But I do not want to turn over tax funds of hard-working citizens to able-bodied persons who refuse to work."

Crime and Violence. This country is continually faced with mob violence and generally civil disobedience. Senator Byrd says, "We cannot have a free country unless it is free from crime and mob violence," and he's voted for legislation to help make our country safe.

If you want a Senator who cares about the individual but doesn't coddle up to the radical liberals, you'll vote to re-elect Byrd November 3rd.

National Defense. Some people in the Senate want us to ignore the very real threats to our freedom. Not Senator Byrd. He's fighting to keep our national defenses strong. As he says, "While we must trim the fat from our defense budget, we must not cut the muscle."

This is no time for amateurs. If you want a Senator who has got real power in the Senate with a seat on the Armed Services Committee, you'll re-elect Byrd November 3rd.

The Neighborhood Schools. The neighborhood school system is a basic American tradition. And a workable one. Senator Byrd is unalterably opposed to arbitrary busing to achieve what's called a racial balance at the expense of good education.

If we're going to preserve the neighborhood school system, we'll need experienced legislators like Senator Byrd. If you're for neighborhood schools, you'll vote for Byrd November 3rd.

Consider the issues. Consider the candidates. And vote to re-elect Byrd on November 3rd.

BYRD. YOU KNOW WHAT HE STANDS FOR.

only an example of how the money could be raised, raising present assessments and based on present anticipated revenues. The actual determination of the best and most equitable way to raise the money when needed, will have to be made at a future date.

Q – What are the alternatives if the voters do not approve financing the school in this manner?

A – The need for a new school remains regardless of the outcome of the vote on November 3. This need will become more acute in the near future. At the present time, not enough money has been approved by the Board of Supervisors to construct the needed facility. It is the responsibility of the School Board to continue to strive for better education in the county. If money is not available through this means it will be necessary to seek other and possibly costlier ways, to provide the necessary facilities for the education of our pupils. But, the outstanding fact remains, that we will have the kind of facilities and the kind of education the citizens of the county will support.

Q – When will construction start?

A – If the bond issue passes, construction will be started as soon as construction drawings are approved by the State and bonds can be sold. The preparation of construction drawings has already been approved by Board of Supervisors and the architects are in the final state of completion of more drawings. The present time table should allow construction to start early in 1971 within 18-24 months required for completion of the building.

Del. Anderson Is Appointed To Drug Committee

OCT. 27 – Delegate Claude W. Anderson of Andersonville, has been recently appointed to the Drug Abuse Subcommittee of the Virginia State Crime Commission.

The Commission was directed by the Virginia General Assembly at its last Session to study the need for creating a separate agency within the State to deal with drug abuse and narcotics. At present the exclusive responsibility for the enforcement of the drug laws is vested in the local law - enforcement agencies of the various counties and cities of the Commonwealth, with some support available from the State Police. A report of this study is to be submitted to the Governor and General Assembly prior to the 1971 Session.

Anderson, an attorney, is serving his second term in the Virginia House of Delegates and has membership on two of its most prodigious committees, Privileges and Elections and Finance. He was appointed to the State Crime Commission early this year.

MRS. HARVEY'S CLUB

Mrs. Harvey's 4-H Club met Oct. 9. Luvenia Bailey opened the meeting. Secretary read the minutes of the last meeting. Cynthia Hix and Melinda McIntosh lead the songs, "America, America", and "John Jacob Jinglehanner Smith". We filled out forms for project books and we talked about the projects. Mr. Ford did a trick for us. Luvenia Bailey adjourned the meeting.

A BANK THAT LIKES PEOPLE

Living here and working here, with our fortunes committed to progress has given our institution a tremendous stake in the future of the community.

As an independent bank, we resist the efforts of outsiders who would change our banking system into a series of branch bank offices controlled from a distant city.

Working with friends and neighbors, people we love and respect enables us to do a better job in serving your interests. We intend to keep it that way.
